Basic Computer Skill Building Training

K i t u w a h   P r e s e r v a t i o n   &   E d u c a t i o n   P r o g r a m

Kituwah Preservation and Education Program will be sponsoring a community based training called...*Series Six*.

*Series Six* is designed to build basic computer skills for persons interested in creating their own Cherokee language materials. Classes will range from very basic and build lead up to creating and formatting projects that will and can include the Cherokee language.

*Free to the Community!*

All classes will be held on **Saturday mornings 10 am till 12 pm** at the Ginger Lynn Welch Complex Computer Lab. **First day of class is January 16, 2010 and will continue every other Saturday until March 27, 2010.**

Interested individuals that have participated in previous KPEP trainings and projects will receive first priority; however, we invite all that are interested to register. **There will be 15 slots open and the deadline for registration is January 14, 2010.**

Classes will be taught by Workplace Solutions employee, **Jon Welch, Information Technology Specialist.**
